

## Urgent Field Safety Notice

**Diacon P**

**FSCA-Identifer: Diacon P 2019-09**

**Correction of values for Cooper and Zinc for Lot 0821901, Exp.: 2021-08-31**

---

Date 25.09.2019  
Attention Distributors and users of below listed products

### **Details on affected devices:**

Product: Diacon P  
Catalogue Number: **D98482, D14482, D98482SV**  
Lots: **0821901**

### **Description of the problem:**

The values for parameters Zinc an Cooper of the package insert of the concerned lot of control show wrong data. It is unlikely that the error leads to a false report of patient values, as the measured values would fall outside the assigned range.  
The FSN should be discussed with the head of laboratory.

### **Advise on action to be taken by the user:**

Update existing stock with the attached amended instructions for use.

Please fill out the attached Confirmation Form and send it back to us until **25.10.2019**.

### **Transmission of this Field Safety Notice:**

This Field Safety Notice needs to be passed on all those who need to be aware within your organisation or to any organisation where potentially affected devices have been transferred to.

Please transfer this notice to other organisations on which this action has an impact.

Please maintain awareness on this notice and resulting action for an appropriate period to ensure effectiveness of the corrective action.
