

## **Urgent – Field Safety Notice**

**Field Safety Notice # - 1226348-10-25-16-001R**

January 31, 2017

**Device Exchange for Codman Microcoil Delivery Systems and Detachment Control Boxes (DCB000001-20 & DCB00000500)**

**PLEASE DISTRIBUTE THIS INFORMATION TO  
CLINICIANS WHO USE THIS DEVICE**

Codman Neuro will be launching a new line of SPECTRA Embolic Microcoils with a new Detachment Control Box (DCB2000500).

This Field Safety Notice is being issued as once the new products are launched there are risks to using the current and new generation products together. Therefore, Codman Neuro, on behalf of Medos International SARL, will be removing the current generation of products (Attachment 1) from the market and replacing with the SPECTRA Embolic Microcoils and a new Detachment Control Box (DCB2000500).

### ***Reasons for this Action:***

As part of the SPECTRA design process, a reduced detachment cycle time was established for the new Detachment Control Box (DCB2000500) versus the detachment cycle time for the previous generations DCB00000500 and DCB000001-20.

While the current Codman Microcoil Delivery Systems (also known as DPU 2-3) can work with new and current generation Detachment Control Box (DCB), there is reduced performance in detachment when the new DCB2000500 is used with the current generation of Codman Microcoil Delivery Systems (Attachment 1). In addition, if the DCB00000500 or DCB000001-20 are used to detach the new SPECTRA microcoils, there is a potential increase in friction in the microcatheter caused by deformation of the distal outer sheath, which is used to provide insulation to the Resistive Heater (RH) of the Device Positioning Unit (DPU) assembly.

All lots of previous generation DCB Codman Microcoil Delivery Systems product codes will be affected (Attachment 1).

### ***Action Required of the Customer:***

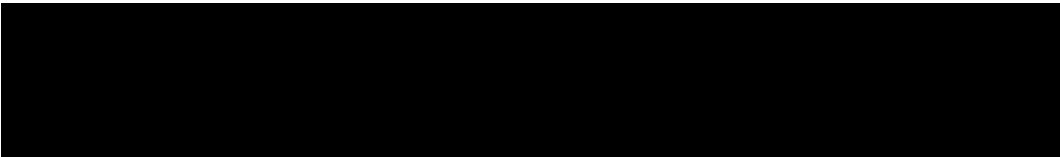

1. Upon receipt of the Field Safety Notification - Complete Part 1 of the Reply Form (Attachment 2) to acknowledge receipt of this Field Safety Notice.
2. When your market is scheduled for the Spectra Launch - Your Codman Neuro Sales Representative will contact you directly to complete the removal and replacement process via Attachment 3. Until such time, you can continue to use and replenish the current generation of products (Attachment 1).

We apologize for the inconvenience this removal and replacement may cause. Thank you for your support in completing this removal and replacement action.

In addition, the relevant national competent authorities have been informed.

If you have any questions regarding this action please contact your *Codman Neuro* Sales Representative or contact me directly.

Sincerely,

**Attachment 1**

**Product Code List for Affected Previous Generation Codman Microcoil Delivery Systems and Detachment Control Boxes (DCB000001-20 & DCB00000500)**

Note: GTIN Codes are available via the following website: [Depuysynthesudi.com](http://Depuysynthesudi.com)

**Detachment Control Boxes in the Scope of the Exchange**

| DCB Codes                     | Description                                      | Images  |
|-------------------------------|--|---|
| DCB000001-20                  | DETACHMENT CONTROL BOX                           |  |
| DCB00000500 <sup>NOTE 1</sup> | ENPOWER DETACHMENT CONTROL BOX <sup>NOTE 1</sup> |  |

**Note 1** – The replacement DCB2000500 has a similar appearance from the front but the rear label is Orange (Not Blue).

**Codman Microcoil Delivery Systems (DPU 2-3) Catalog PREFIXES in the scope of the Exchange**
