

## Important safety information

**medimex Einmal Nierenschale, Pappe/ medimex disposable kidney-bowl, pulp, (8M50109001)**

Dear Customer,

With this letter we inform you about an important safety information of our kidney-bowl producer. The original letter from our producer is enclosed.

### **Description of the problem:**

During an official review of the products in sterilised surgical kits using a standard method non-sterile carrier dishes were found.

The products are made of molded fiber material (paper) and therefore can not be used as part of a sterile treatment set in the surgical area/ operating room area.

### **Preventive action:**

Please do not use the medimex disposable kidney-bowl as carrier for surgical instruments and surgical utensils or part of another sterile treatment unit for the surgical/ operating room area..
